

Back-to-School Supplies **San Juan Elementary and Kinoshita Elementary Schools**

The Deacons are continuing with the mission activity to once again seek Congregational support of this vital School Supplies Drive for two of our local schools.

Though we do not have direct control over State funding for education, we do have the ability to help our local San Juan and Kinoshita Elementary Schools!

Teachers often augment their classroom supplies out of their own pockets and many students are not able to purchase their needed supplies.

This year schools are starting back early – Tuesday, August 22!

Back-to-School bags with an attached supply list are available in the Narthex. The **final collection date** for your gifts will be **Sunday, August 20**, which will enable us to deliver these supplies on Monday, August 21.

Thank you for your generous support. Community Presbyterian Church ~ Deacons
